Unclassified Professional Staff Consulting Request

July 2015 through June 2016

University of Kansas, Lawrence

(Please submit a separate consulting request for each activity)

The Board of Regents recognizes the value of unclassified professional staff interaction with business, industry and private foundations and government agencies to foster the missions of the University of Kansas, facilitate professional development, and promote expansion of knowledge. However, the Regents policy indicates that external activities of unclassified professional staff, such as consulting, outside employment, public service, pro bono work, or serving as an officer of an external entity, even without compensation, can result in real or apparent conflicts regarding commitment of time or effort.

Unclassified professional staff of Regents institutions owe primary professional responsibility to their employing institutions, and their primary commitment of time and intellectual effort should be to the education, service, research and scholarship missions of said institutions. Unclassified professional staff should maintain a presence on campus commensurate with their appointments. External activities that take time away from University responsibilities should be discussed with the department chair or other immediate supervisor to obtain their concurrence that the activities do not constitute a conflict of time commitment. Unclassified professional staff may consult only on non-university time, including vacations, unless an exception is granted in advance by the Chancellor, Provost, or designee. Approval of all outside consulting by unclassified professional staff that does not meet the University’s “single occasion” consulting definition must be obtained prior to the start of the consulting relationship. Single occasion consulting activities are those personal professional activities which involve only a single occasion, occur within a single 24-hour period, are clearly of a scholarly, professional or technical nature, rather than commercial, and in which compensation is not the primary consideration. Single occasion activities should be reported annually to the department head or unit director as part of the performance evaluation process.

Board of Regents policy requires that reimbursement for consulting for another Board of Regents institution or Kansas state agency must be processed through the University of Kansas Office of Budget Management and Fiscal Services. For assistance with reimbursement for state agency consulting, please contact Budget Management/Fiscal Services, 864-3136.

Approval is required throughout the year for all unclassified professional staff members, including those on less than fiscal year (12-month) appointments.

Name\Title: __________________________ Department/School: __________________________

Type of Appointment: __ Full-time (1.0 FTE) __ Part-time (___ FTE)

__ Academic Year (9-month) __ Fiscal Year (12-month) __ Other (please specify)

Name of Requesting Agency or Organization: ______________________________________________

Please check one:

__ I (and my spouse, dependent children and other members of my personal household) do not have any financial or ownership interests in this agency/organization.

__ I (and my spouse, dependent children and other members of my personal household) have the following financial or ownership interests in this agency/organization: _______________________________________________________

I have separately disclosed, using an annual/ad hoc conflict of interest report, any financial or ownership interests in this agency/organization that has an actual or potential relationship to my university activities.
